

Project Management Opportunities

Open competition for appointment to the positions of:

- 1) Project Manager - HPC2020+ Project**
- 2) Project Manager - ICT Migration and Managed Services Project**

Met Éireann, Department of Housing, Planning and Local Government

Met Éireann, Ireland's National Meteorological Service (NMS), is tasked with the provision of a wide range of services related to the weather to help protect life and property and promote societal and economic wellbeing. Met Éireann provides services to a broad range of sectors including aviation, ground transport, marine and agriculture. Met Éireann also plays a key role in the State's emergency planning and management function through its production and communication of warnings related to weather hazards. Met Éireann service provision is supported by operational, scientific and technical systems and a meteorological and climatological research function.

Met Éireann wishes to recruit for two Project Manager posts:

- 1) HPC2020+ Project Manager, to oversee the implementation of Met Éireann's operational Numerical Weather Prediction (NWP) High Performance Computing (HPC) infrastructure project.
- 2) ICT Migration and Managed Services (IMaMS) Project Manager, to manage the establishment of ICT infrastructure with Disaster Recovery (DR) capabilities to ensure Business Continuity in a 24/7 operational environment.

Candidates must have significant project management experience at an appropriate level, including leading project teams and managing the delivery of project outputs. Further details on the role, candidate requirements & competencies sought, together with application details can be found at websites:
